

Detailed Analysis of School Performance in Akron (2010-11)

Graph I: Percent of Akron Students in Public Schools by State Designation (2008-09, 2009-10, and 2010-11)

Source: Ohio Department of Education interactive Local Report Card Note: This chart does not include students in schools that are unrated and students attending charter e-schools.

Graph II: Percent of Akron Students in Public Schools by State Designation versus the Big 8 Average (2010-11)*

Source: Ohio Department of Education interactive Local Report Card

Note: This chart does not include students in schools that are unrated and students attending charter e-schools.

^{*} The Big 8 districts are defined as Ohio's largest urban districts: Akron, Canton, Cincinnati, Cleveland, Columbus, Dayton, Toledo, and Youngstown.

Graph III: Percent of Akron Students in Public Schools by Value-added Composite Score versus the Big 8 Average (2010-11)

Source: Ohio Department of Education interactive Local Report Card

Note: This chart does not include students in schools that did not receive a value-added composite score or students attending charter e-schools.

Table I: Akron Public Schools (District and Charter) Ranked by Performance Index Score

The following pages list Akron's public charter and district schools ranked by Performance Index (PI) score[†] for the 2010-11 school year. Numerous other performance indicators are also included, but the Performance Index score was selected for ranking the schools because it provides an overall indication of how well students perform on all tested subjects in grades 3 through 8 and the Ohio Graduation Test.

We also encourage readers to consider schools' value-added results. Where the Performance Index reflects student achievement at one point in time, value-added tells us how a school is doing at helping its students make progress from year to year. For more on value-added, see Fordham's value-added primer on our website:

http://www.edexcellencemedia.net/publications/2008/200808_ohiovalueaddedprimer/Ohio_Value_Added_Primer_FINAL_small.pdf

http://www.ode.state.oh.us/GD/DocumentManagement/DocumentDownload.aspx?DocumentID=29878.

[†] The Performance Index score is calculated by multiplying the percentage of students that are untested, below basic/limited, basic, proficient, accelerated, or advanced by weights ranging from 0 for untested to 1.2 for advanced students. The totals are then summed up to obtain the school or district's PI score. PI scores range from 0 to 120, and the state has set the goal for all schools to achieve a PI score of 100 or better. For a complete description of how the Ohio Department of Education calculates the PI score see their website here:
