#### Thomas B. Fordham Foundation Charter School Application Evaluation Rubric

#### **Expectations**

Reviewers are tasked with reviewing the entirety of an application and providing the Fordham Foundation with a comprehensive analysis of the application. Reviewers are also tasked with raising questions and noting areas of concern, as necessary. Feedback is submitted via the evaluation rubric contained in the Foundation's online application management system, EpiCenter. Reviewers must attend training on the review process annually. After completing the training, reviewers will read the application and provide written feedback. Additional information (due diligence) will be provided to the team prior to a debrief conference.

#### Preliminary Review Process Schools Wishing to Change Sponsors

Schools go through a preliminary review before submitting their application and must meet minimum criteria. Schools will be given a contact/general information sheet and request for information. We will use the submission and ODE data to verify they meet:

1. A majority of the primary indicators per our Academic, and Operations/Governance, and financial measures of success in our Accountability Plan for the two most recent school years. See scoring table below.

The additional information is to include:

- a. Academic Data: Local Report Card
- b. Sponsor Compliance Reports. These must include any deficiencies cited by the current sponsor, along with any corrective action plans or remedies.
- c. Annual Budget to Actual Results (last 2 years)
- d. Two most recent audit reports
- e. LEA Special Education Performance Determination
- 2. The conditions allowing a school to enter a contract with a new sponsor, per 3314.034 (A).

#### **Scoring Table**

Each standard where the score is "Exceeds the standard" or "Meets the standard" counts as one point; each standard the where the score is "Does not meet the standard" or "Falls far below the standard" counts as zero points and any item in the accountability plan that does not apply will not be scored or counted in the calculation. If the school is in compliance with their contract and meeting any corrective action plan requirements, it receives one point; otherwise, it receives zero points.

<sup>&</sup>lt;sup>1</sup> The PI percentage is calculated as follows: school's PI score divided by 120 (the highest possible PI score).

<sup>&</sup>lt;sup>2</sup> A VA score is a statistical estimate intended to convey how much a school has contributed to student learning. A higher VA score conveys greater confidence that, on average, the school has contributed more than one standard year of academic growth; a lower VA score conveys greater confidence that the school has, on average, not contributed more than one standard year of academic growth.

#### **Preliminary Review Process Replicators**

We will use the most recent performance against contractual indicators in Exhibit IV of the contract to determine if the school is on track for renewal. Only schools who meet 67% or more of their contractual and accountability indicators are eligible to submit an application to replicate.

The information considered in the most recent performance against contractual indicators is included in the governing authority annual report.

- a. Academic Data (Exhibit IV) over the term of the current contract.
- b. Sponsor Site Visit/Compliance Reports. These will include any corrective action plans and progress.
- c. Financial Data (Exhibit IV) including recent audit reports over the term of the current contract.
- d. Audit reports over the term of the contract.

#### **Application Process**

A team of evaluators will review applications and interview applicants. Interviews will take place in the Fordham Dayton office and will include the school developer and/or school leadership, governing authority and financial representative. If the school is applying to change sponsors, the current sponsor will be interviewed separately. Evaluation Teams are comprised of evaluators with experience and expertise in a variety of fields,

<sup>&</sup>lt;sup>7</sup> The Individuals with Disabilities Education Improvement Act (IDEIA) requires that state education agencies make annual determinations regarding the performance of special-education programs operated by local education agencies (LEAs) that receive federal IDEA Part-B funding. In Ohio, individual charter schools are considered LEAs.

including but not limited to curriculum and instruction, special student populations, law, governance, management, leadership, finance, school start-up, accountability and policy. If an application includes an area of specialization (e.g., career technical program or dropout prevention and recovery program), at least one reviewer will have expertise in that area.

The review consists of the following tasks:

- Reviewer training conference call
- Read and provide written feedback in EpiCenter for each application submitted
- Due diligence information provided to team
- Team lead reviews all individual rubrics and prepares outline for debrief conferences
- Team debrief conferences on each evaluation (via teleconference)
- Interview agendas developed
- Applicants notified of interview dates, agenda (including time, location, attendees, subject matter) forwarded to applicants
- Interviews
- Team lead drafts final analysis and submits to EpiCenter
- Fordham staff provides a recommendation to the board
- Fordham boards makes approval or non-approval decision
- Applicants are notified of the decision by Fordham

### Conflict of Interest and Confidentiality Statement

All reviewers, internal and external, must complete the Fordham Foundation's Conflict of Interest Disclosure and Confidentiality Statement. Fill out the disclosure accordingly, and submit by email to Theda. Please notify Theda as soon as possible if you believe there is a conflict or the appearance of a conflict.

#### **Public Records**

Please note that any notes, communication, etc., related to the application review may constitute a public document and may be subject to Ohio's open records laws.

#### Questions

Reviewers are always welcome to contact Theda at any time with any questions or concerns about the application, review process, or related issues.

#### Instructions

Evaluators will use the following Evaluation Rubric to rate applicant responses to the questions in the Request for Application for each standard. Within each section, specific criteria define the expectations for an excellent response that 'Meets the Standard.' There are a total of 22 standards, and applicants must receive a cut score of 49.5 points, meeting 75% of the total possible score of 66, and consensus of the review team to recommend the application move forward. Reviewers should complete the summary scoring table and narrative at the end of the evaluation rubric.

#### **Rating Characteristics**

#### Meets the Standard:

The response reflects a thorough understanding of key issues. It addresses the topic with specific and accurate information that shows thorough preparation; presents a clear, realistic picture of how the school expects to

operate; and inspires confidence in the applicant's capacity to carry out the plan effectively. This translates to meeting 75 to 100% of the application standards. An applicant who meets this standard receives 3 points.

### **Approaches the Standard:**

The response meets the criteria in many respects, but lacks detail and/or requires additional information in one or more areas. This translates to meeting 50 to 74% of the application standards. An applicant who meets this standard receives 2 points.

#### **Partially Meets the Standard:**

The response meets the criteria in some respects but has substantial gaps in a number of areas. This translates to meeting 25 to 50% of the application standards. An applicant who meets this standard receives 1 point.

#### **Does Not Meet the Standard:**

The response is wholly undeveloped or significantly incomplete; demonstrates lack of preparation; or otherwise raises substantial concerns about the viability of the plan or the applicant's ability to carry it out. This translates to meeting less than 25% of the application standards. An applicant who meets this standard receives 0 points.
