ACADEMY EAST

A BREAKTHROUGH SCHOOL

“Our mission is to prepare our middle school students to lead in academics, service, and civic engagement during high school, college, and beyond.”

Annual Report
2017-2018

Year in Review

Citizens Leadership Academy East (CLAE) immerses students in city life to help build academic, personal, and leadership abilities.

Our Expeditionary Learning approach engages students in civic-minded projects and experiences that reinforce core reading, writing, math, and science skills. This builds on the course of study in the elementary grades at Citizens Academy East (CAE), located on our same campus. Together, the two schools help scholars develop a "Growth Mindset" to encourage striving throughout their lives.

CLAE scholars put a dent in the neighborhood food desert by planting a garden they designed and tend to help their community thrive!

CLAE's Celebration of Learning wowed the 70 guests invited to view sixth graders' special projects on sustainability that combined principles from their English, math, social studies, and science classes.

CAE and CLAE made time for nature throughout the year, planting 25 trees with the Western Reserve Land Conservancy.

CLAE sixth graders also traveled overnight to Hocking Hills where they enjoyed an edible hike and peeked inside Old Man's Cave.

Definitions: Achievement: The Performance Index measures the test results of every student, not just those who score proficient or higher. Progress: The Progress component looks closely at the growth that all students are making based on their past performances. Gap Closing: The Gap Closing component shows how well schools are meeting the performance expectations for our most vulnerable students in English language arts, math, graduation and English language proficiency.
